(Special interest groups vary from year to year depending on the interests of the student body.)

To join any activity, all you need to do is listen to the morning announcements for the date and place the activity will meet, and simply show up there. If you have questions, go to the Student Activities Office. Some activities are those for which you must try out. Many hold clinics before try-outs, so, again, listen to the morning announcements. If for some reason you do not hear the morning announcements, a printed copy is posted in the Student Activities Office, Counseling Office, outside the Main Office, and in many classrooms. For a current list of activities, clubs, athletics and their sponsors, go to the Student Activities Office.
