

Prospect proudly announced this afternoon that it was selected by ABC 7 Morning News to be its featured high school on Friday, Sept 20 for the morning broadcast. Every year, they pick 9 schools to take part in the Friday Flyover and do a live broadcast from campus. Students will be filmed by a helicopter making 3 different formations on the field and have it broadcasted on the news. At the end of the 9 weeks, the schools will compete for the title of the best school/student section.

Although we are encouraging students to be on campus early for this optional event, it is a unique opportunity for Prospect to highlight our students' amazing accomplishments during on air segments with the ABC 7 staff and to create a unique moment for our student body. All staff members who enjoy watching the sun rise are welcome to join in any or all of the fun.

**Event overview:**

- Students groups need to be at PHS at 5am. Roz from ABC7 will start live at 5am with students
- Water, coffee, and snacks will be provided for students
- From 5-6am students will be on the field/stands and Roz will be live every 10 mins or so with interviews from PHS students and staff with students in the background as she does traffic and weather. During this time we will run an ultimate frisbee mini tournament
- 6-7am students will be on the field making formations for the chopper that will fly over.
- From 7:10-8:00am - A pancake breakfast will be served, free of charge, to all students in the cafe
- 8:15am - School begins
