Dear Parents,

Your student is enrolled in an English course for the upcoming school year. Township High School District 214’s English courses provide instruction and skill development focused on the areas of reading, writing and critical thinking skills. In the area of reading, English teachers will provide contextual and literary analysis experiences that enhance student’s personal connections to the text. A specific reading strategy included in this instruction is annotation. Annotation encourages critical reading through the use of symbols, marginal notes, essential questions, and connections both to and in the text. The process of annotation allows students to maximize these personal connections in order to create meaning, analyze, and interact with text in a way that is vital to their understanding. District 214 students will be afforded the opportunity to examine text closely and critically through the use of their own paperback novel(s). The attached list includes the title and ISBN number for the novels required for purchase in each English course at your student’s high school. Each listing indicates the semester in which the novel will be read. This will assist with your purchasing timeline. Students eligible and approved for a fee waiver will have the materials provided for them.

If a course indicates “Not Applicable” there are no materials required for purchase.

Students and parents are free to purchase the listed paperback novels at any retail or online vendor, i.e., Amazon.com, in order to access the best available pricing. In an effort to provide you with options for purchase we have worked with two book vendors who have worked with the district to make inventory available for all listed materials. Multiple options are available which include in store purchase and online purchase with delivery to your home. We hope that this information is of assistance to you.

We are excited about the upcoming school year and look forward to your student’s continued learning.

Sincerely,
Dr. Lazaro J. Lopez
Associate Superintendent for Teaching and Learning

Welcome to summer reading 2019! Prospect’s summer reading committee, comprised of teachers from all subject areas, created a fantastic list to inspire students and incite critical thinking. The list is divided by a variety of genres to encourage students to find a book that is of interest to them. ALL students need to select and read one book from the PHS Summer Reading List and be prepared to discuss and write about that book within the first few weeks of school in their English class. Several classes have separate requirements including Honors Written and Oral Communications (9th), AP Language (11th), and AP Literature (12th).

A note to parents: Some of these selections contain mature subject matter and/or explicit language. We strongly encourage you to help your son or daughter make an appropriate choice for this assignment, both in terms of content and level of difficulty. Many resources exist to help make this decision, including your student’s current English teacher, a school librarian, or published reviews and reader comments from websites such as Amazon.com and Goodreads. If you have any questions or concerns, please contact one of the following individuals before the end of the school year.

Prospect Choral Boosters

Please consider joining the PHS Choral Boosters and supporting our PHS vocalists for the 2019-2020 school year.

The Prospect Choral Boosters is a great way to get involved with Prospect High School while supporting all of our talented young vocalists. It’s a fun, energetic and welcoming group of parents interested in volunteering their time and talents, in ways that support the choir department as a whole. Our group is responsible for hosting various fundraising events and performances throughout the year. There is a role for everyone, whether small or large. Please come and check us out.

Some of the events that we directly support include all Choir concerts (Fall, Winter and Spring), Show Choir concerts and competition season, the Daddy-Daughter Dance, the Madrigals Dinner, educational choir trips, Show Choir Rocks (our outreach program) as well as a number of various exciting activities throughout the year.

Thank you for your consideration and support!

Dear Parents,
Welcome to the 2019-2020 school year! The Prospect Choral Boosters (PCB) is already busy organizing activities to support choral events and learning opportunities for our choir students throughout the year.

The booster organization is a wonderful way for you to not only support all students in Prospect vocal groups, but also meet new parents and develop friendships of your own, while enhancing the program. Our goal is to support our students with time, contributions and attendance at performances throughout the year. It is through strong parent involvement within the choral department which has afforded many opportunities for the students. We hope you will join the team and be part of the magic.

PCB meets once a month, usually during the third week at 7:30, to discuss current issues, fundraisers, etc. We encourage you to attend the monthly PCB meetings so you will be informed of all the exciting activities going on within the department. Meeting reminders will be sent the week prior to the meetings.

Your membership and support of the choral booster organization is more important than ever. We are a recognized 501C3 not-for-profit organization, so your membership dues and any additional contributions or donations you make now and throughout the year are tax-deductible.

If you have any questions about PCB, please feel free to contact me at pcbpresident@gmail.com. There is so much to be excited about in the coming year. We hope to see you at the PCB meetings as well as our choral events.

Sincerely,
Kate Demeas
President, Prospect Choral Boosters
