

PROSPECT MEMORIAL GARDEN BRICK  
ORDER FORM

The Memorial Garden has been developed to honor those Prospect students who have died. The garden is a combination of brick walkways, benches and landscaping intended to create a quiet retreat. Personalizing the brick is a very special way to honor loved students. A fee of \$35 will cover the cost of imprinting and installing the brick. **To accommodate the weather and our ability to place bricks in the ground- orders are accepted April 1<sup>st</sup>- October 1<sup>st</sup>. Orders received after October 1<sup>st</sup> will not be placed until May at the earliest.**

The 4 x 8 brick includes a maximum of three lines of thirteen letters or numbers per line. **The first two lines will be used for the name of the student while the last line will designate the class of xxxx.**

Please print exactly how you would like the name to read. We will send this information in as submitted. This entire form must be fully completed in order to be considered for inclusion in the garden.
